#### INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and Members of the Township Council Township of Manchester Manchester, New Jersey 08759

#### **Report on the Financial Statements**

We have audited the financial statements - regulatory basis of the various funds and account groups of the Township of Manchester, in the County of Ocean, as of and for the years then ended December 31, 2019 and 2018 and the related notes to the financial statements, as listed in the foregoing table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements - regulatory basis in accordance with accounting principles prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements - regulatory basis that are free from material misstatement, whether due to fraud or error.

#### **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements - regulatory basis based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements - regulatory basis are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements - regulatory basis. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements - regulatory basis, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Township's preparation and fair presentation of the financial statements - regulatory basis in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements - regulatory basis.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1, these financial statements - regulatory basis have been prepared in conformity with accounting principles prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to demonstrate compliance with the modified accrual basis, with certain exceptions, and the budget laws of New Jersey. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

#### Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Basis for the Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statements - regulatory basis referred to in the first paragraph, do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the Township as of December 31, 2019 and 2018, and the results of its operations for the years then ended.

#### **Opinion on Regulatory Basis of Accounting**

In our opinion, the financial statements - regulatory basis referred to above, present fairly, in all material respects, the financial position of the various funds of the Township of Manchester at December 31, 2019 and 2018, and the results of operations and changes in fund balance, where applicable, of such funds, thereof for the years then ended, in accordance with accounting principles on the basis of financial reporting provisions prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, as described in Note 1.

#### **Other Matters**

#### Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements - regulatory basis that collectively comprise the Township's financial statements. The supplementary schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplementary schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary schedules are fairly stated, in all material respects, in relation to the financial statements - regulatory basis taken as a whole.

#### Basis for Disclaimer of Opinion on Length of Service Award Program Fund ("LOSAP")

As discussed in Note 1, the financial statements of the Length of Service Award Program Fund ("LOSAP") have not been audited, and we are not required by the Division to audit nor were we engaged to audit the LOSAP financial statements as part of our audit of the Township's financial statements. The LOSAP financial activities are included in the Township's Trust Fund and represent 21.29% and 21.39% of the assets and liabilities of the Township's Trust Funds as of December 31, 2019 and 2018, respectively.

#### Disclaimer of Opinion on Length of Service Award Program Fund ("LOSAP")

Due to the fact that we were not required by the Division to audit nor were we engaged to audit the LOSAP financial statements as part of our audit of the Township's financial statements, we do not express an opinion of the LOSAP financial statements.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 21, 2020 on our consideration of the Township of Manchester's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to solely describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Township of Manchester's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Township of Manchester's internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS

#### **TOWNSHIP OF MANCHESTER**

#### NOTES TO FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2019

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### A. Reporting Entity

Until 1990 the Township functioned under a form of government known as Committee Form of Government, which exercised both legislative and executive powers. The form of government was changed by a charter study referendum and, effective July 1, 1990, the Township adopted a Mayor-Council form of government.

The Mayor is elected for a four year term without limitation as to the number of terms which may be served. The Council consists of five members, each of whom is elected at-large and whose terms are staggered. Prior to 2012, all elections were held in May and were non-partisan. A referendum was approved by voters on November 8, 2011 to move elections to November. The first election was held in November, 2012 and is still non-partisan.

From 1990 through 2012 the Township operated on a fiscal year with the year end of June 30<sup>th</sup>. Effective in 2013, the Township converted back to a calendar year with a year end of December 31<sup>st</sup>.

The Mayor is the Chief Executive and Administrative Officer of the Township, and, as such, is responsible for administering local laws. The specific powers of the Mayor include appointment of department heads (with the advice and consent of the Township Council), preparation of the Township's budget, and approval or veto (which may be overridden by a 2/3 vote) of ordinances adopted by the Council.

The Township Council is responsible for policy development and exercises all legislative powers, including final adoption of spending legislation such as budgets and bond ordinances for both municipal and zoning ordinances.

Governmental Accounting Standards Board (GASB) Statements No. 14 and 34 establish certain standards for defining and reporting on the financial reporting entity. In accordance with these standards, the reporting entity should include the primary government and those component units which are fiscally accountable to the primary government. The financial statements - regulatory basis of the Township of Manchester include every board, body, officer and commission supported and maintained wholly or in part by funds appropriated by the Township as required by the provisions of N.J.S. 40A:5-5. Accordingly, the financial statements of the Township of Manchester do not include the operations of the three Volunteer Fire Companies and the two First Aid Squads, inasmuch as their activities are administered by separate boards.

#### B. Measurement Focus, Basis of Accounting and Basis of Presentation

#### **Description of Funds**

The Governmental Accounting Standards Board (GASB) is the recognized standard setting body for establishing governmental accounting and financial reporting principles. The GASB establishes three fund types and two account groups to be used by governmental units when reporting financial position and results of operations in accordance with accounting principles generally accepted in the United States of America (GAAP).

#### B. Measurement Focus, Basis of Accounting and Basis of Presentation (Continued)

#### **Description of Funds (Continued)**

The accounting policies of the Township of Manchester conform to the accounting principles applicable to municipalities which have been prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. These principles are a "Modified Accrual Basis of Accounting" which differs from accounting principles generally accepted in the United States of America (GAAP) for governmental entities. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Township of Manchester accounts for its financial transactions through the following separate funds which differ from the fund structure required by generally accepted accounting principles:

Current Fund - Encompasses resources and expenditures for basic governmental operations. Fiscal activity of Federal and State grant programs are reflected in a segregated section of the Current Fund.

Trust Funds - The records of receipts, disbursements and custodianship of monies, in accordance with the purpose for which each account was created, are maintained in Trust Funds. These include the Animal Control Trust Fund and General Trust Fund. The General Trust Fund encompasses accounts of activity for Community Development Block Grants, special deposits and other purposes.

General Capital Fund - The receipts and expenditure records for the acquisition of general infrastructure and other capital facilities, other than those acquired in the Current Fund, are maintained in this fund, as well as related long-term debt accounts.

Public Assistance Trust Fund - Revenue, expenditures, receipts and disbursements that provide assistance to certain residents of Manchester, when required, and pursuant to the provisions of Title 44 of the New Jersey statutes, are maintained in the Public Assistance Trust Fund.

Payroll Fund - Net salaries, certain payroll deductions and social security contributions of municipal and utility operations are deposited into various bank accounts of the Payroll Fund. A Payroll Fund does not exist under GAAP.

Water and Sewer Utility Operating and Capital Funds (Eastern and Western) - These funds reflect revenue, expenditures, stewardship, acquisition of utility infrastructure and other capital facilities, as well as long-term debt, debt service and other related activity of the municipally-owned water and sewer utilities.

Capital Fixed Assets Account - These accounts reflect estimated valuations of land, buildings and certain movable fixed assets of the Township as discussed under the caption "Basis of Accounting".

#### **Basis of Accounting**

The accounting principles and practices prescribed for municipalities by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, differ in certain respects from generally accepted accounting principles. The accounting system is maintained on the modified accrual basis with certain exceptions. Significant accounting policies in New Jersey are summarized as follows:

#### **Property Taxes and Other Revenue**

Property taxes and other revenue are realized when collected in cash or approved by regulation for accrual from certain sources of the State of New Jersey and the Federal Government. Accruals of taxes and other revenue are otherwise deferred as to realization by the establishment of offsetting reserve accounts. GAAP requires such revenue to be recognized in the accounting period when they become susceptible to accrual, reduced by an allowance for doubtful accounts.

#### B. Measurement Focus, Basis of Accounting and Basis of Presentation (Continued)

#### **Basis of Accounting (Continued)**

#### **Grant Revenue**

Federal and State grants, entitlements or shared revenue received for purposes normally financed through the Current Fund are recognized when anticipated in the Township of Manchester budget. GAAP requires such revenue to be recognized in the accounting period when they become susceptible to accrual.

#### Expenditures

Expenditures for general and utility operations are generally recorded on the accrual basis. Unexpended appropriation balances, except for amounts which may have been cancelled by the governing body or by statutory regulation, are automatically recorded as liabilities at December 31st of each year, under the title of "Appropriation Reserves".

Grant appropriations are charged upon budget adoption to create spending reserves.

Budgeted transfers to the Capital Improvement Fund are recorded as expenditures to the extent permitted by law.

Expenditures from Trust and Capital Funds are recorded upon occurrence and charged to accounts statutorily established for specific purposes.

Budget appropriations for interest on General Capital Long-Term Debt is raised on the cash basis and is not accrued on the records; interest on Utility Debt is raised on the accrual basis and so recorded.

GAAP requires expenditures to be recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on general long-term debt, which should be recognized when due.

#### **Encumbrances**

As of January 1, 1986 all local units were required by Technical Accounting Directive No. 85-1, as promulgated by the Division of Local Government Services, to maintain an encumbrance accounting system. The directive states that contractual orders outstanding at December 31 are reported as expenditures through the establishment of an encumbrance payable. Encumbrances do not constitute expenditures under GAAP.

#### Appropriation Reserves

Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding year. Lapsed appropriation reserves are recorded as additions to income. Appropriation reserves do not exist under GAAP.

#### Compensated Absences

Expenditures relating to obligations for unused vested accumulated sick pay are not recorded until paid. GAAP requires that the amount that would normally be liquidated with expendable available financial resources be recorded as an expenditure in the operating funds and the remaining obligations be recorded as a long-term obligation.

#### B. Measurement Focus, Basis of Accounting and Basis of Presentation (Continued)

#### **Basis of Accounting (Continued)**

#### **Property Acquired for Taxes**

Property acquired for taxes (foreclosed property) is recorded in the Current Fund at the assessed valuation during the year when such property was acquired by deed or foreclosure and is offset by a corresponding reserve account. GAAP requires such property to be recorded in the general fixed assets account group at market value on the date of acquisition.

#### **Self-Insurance Contributions**

Contributions to self-insurance funds are charged to budget appropriations. GAAP requires that payments be accounted for as an operating transfer and not as an expenditure.

#### **Interfunds Receivable**

Interfunds receivable in the Current Fund are generally recorded with offsetting reserves which are established by charges to operations. Collections are recognized as income in the year that the receivables are realized. Interfunds receivable of all other funds are recorded as accrued and are not offset with reserve accounts. Interfunds receivable of one fund are offset with interfunds payable of the opposite fund. GAAP does not require the establishment of an offsetting reserve.

#### Inventories of Supplies

Materials and supplies purchased by all funds are recorded as expenditures.

An annual inventory of materials and supplies for the Water and Sewer Utility is required, by regulation, to be prepared by Township personnel for inclusion on the Water and Sewer Utility Operating Fund balance sheet. Annual changes in valuations, offset with a reserve account, are not considered as affecting results of operations. Materials and supplies of other funds are not inventoried nor included on their respective balance sheets.

#### Capital Fixed Assets

#### General:

In accordance with Technical Accounting Directive No. 85-2, Accounting for Governmental Fixed Assets, as promulgated by the Division of Local Government Services, which differs in certain respects from generally accepted accounting principles, the Township of Manchester has developed a capital fixed asset accounting and reporting system.

GAAP requires that fixed assets be capitalized at historical or estimated cost if actual historical cost is not available. In addition, depreciation on utility fixed assets should be recorded.

Capital fixed assets used in governmental operations (general fixed assets) are accounted for in the Capital Fixed Assets. Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized.

Acquisitions of land, buildings, machinery, equipment and other capital assets are recorded on a perpetual fixed asset record.

Vehicles, furniture, equipment and other items are reflected at replacement values at time of inventory preparation. Additions to the established fixed assets are valued at cost.

Depreciation of assets is not recorded as an operating expense of the Township.

#### B. Measurement Focus, Basis of Accounting and Basis of Presentation (Continued)

#### **Basis of Accounting (Continued)**

#### Capital Fixed Assets (Continued)

#### Utilities:

Capital acquisitions, including utility infrastructure costs of the Water and Sewer Utilities, are recorded at cost upon purchase or project completion in the fixed capital account of the utilities. The fixed capital accounts are adjusted for dispositions or abandonments. The accounts include movable fixed assets of the Utility but are not specifically identified and are considered as duplicated in the Capital Fixed Assets. The duplication is considered as insignificant on its effect on the financial statements taken as a whole.

Utility improvements that may have been constructed by developers are not recorded as additions to fixed capital.

Fixed Capital of the Utilities are offset by accumulations in Amortization Reserve Accounts. The accumulations represent costs of fixed assets purchased with budgeted funds or acquired by gift as well as grants, developer contributions or liquidations of related bonded debt and other liabilities incurred upon fixed asset acquisition.

The Fixed Capital Accounts reflected herein are as recorded in the records of the municipality and do not necessarily reflect the true condition of such fixed capital. The records consist of a control account only. Detailed records are not maintained.

#### Volunteer Length of Service Award Plan (LOSAP)

The Township has established a Volunteer Length of Service Award Plan ("LOSAP") ("Plan") to ensure retention of the Township's volunteer fire department. The Plan shall be construed under the laws of the State of New Jersey and is established with the intent that it meets the requirements of a "Length of Service Award Plan under Section 457(c)11 of the Internal Revenue Code".

The LOSAP Trust Fund has not been audited, and we were not required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, to audit nor were we engaged to audit the LOSAP Trust Fund financial statements as part of our audit of the Township's financial statements.

*N.J.A.C.5:30-14.49* requires that the Township perform a separate review report of the Plan in accordance with the American Institute of Certified Public Accountants Statements for Accounting and Auditing Review Services.

#### C. Basic Financial Statements

The GASB codification also defines the financial statements of a governmental unit to be presented in the general purpose financial statements to be in accordance with GAAP. The Township of Manchester presents the financial statements listed in the table of contents which are required by the Division of Local Government Services and which differ from the financial statements required by GAAP. In addition, the Division requires the financial statements listed in the table of contents to be referenced to the supplementary schedules. This practice differs from GAAP.

#### D. Recent Accounting Pronouncements Not Yet Effective

In June 2017, the Governmental Accounting Standards Board issued <u>GASB Statement No. 87</u>, "Leases". The object of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of government's financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract and is effective for reporting periods beginning after December 15, 2019. The Township is currently reviewing what effect, if any, this Statement might have on future financial statements.

In June 2018, the Governmental Accounting Standards Board issued <u>GASB Statement No. 89</u>, "Accounting for Interest Cost Incurred Before the End of a Construction Period". The primary objectives of this Statement are (1) to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and (2) to simplify accounting for interest cost incurred before the end of a construction period and is effective for reporting periods beginning after December 15, 2019. The Township is currently reviewing what effect, if any, this Statement might have on future financial statements.

In May 2019, the Governmental Accounting Standards Board issued <u>GASB Statement No. 91</u>, "Conduit Debt Obligations". The primary objectives of this Statement are to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with conduit debt obligations, by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures and is effective for reporting periods beginning after December 15, 2020. The Township is currently reviewing what effect, if any, this Statement might have on future financial statements.

In January 2020, the Governmental Accounting Standards Board issued <u>GASB Statement No. 92</u>, "Omnibus 2020". The primary objective of this Statement is to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and adoption of certain GASB statements and is effective for reporting periods beginning after June 15, 2020. The Township is currently reviewing what effect, if any, this Statement might have on future financial statements.

In March 2020, the Governmental Accounting Standards Board issued <u>GASB Statement No. 93</u>, "Replacement of Interbank Offered Rates". The primary objective of this Statement is to address those and other accounting and financial reporting implications that result from the replacement of an Interbank Offered Rate (IBOR) and is effective for reporting periods beginning after June 15, 2020. The Township is currently reviewing what effect, if any, this Statement might have on future financial statements.

#### 2. CASH, CASH EQUIVALENTS AND INVESTMENTS

#### A. Cash and Cash Equivalents

New Jersey statutes permit the deposit of public funds in institutions located in New Jersey, which are insured by the Federal Deposit Insurance Corporation (FDIC) or any other agencies of the United States that insures deposits or the State of New Jersey Cash Management Fund.

The State of New Jersey Cash Management Fund is authorized by statute and regulations of the State Investment Council to invest in fixed income and debt securities which mature or are redeemed within one year. Twenty-five percent of the Fund may be invested in eligible securities which mature within two years provided, however, the average maturity of all investments in the Fund shall not exceed one year. Collateralization of fund investments is generally not required.

In addition, by regulation of the Division of Local Government Services, municipalities are allowed to deposit funds in the Municipal Bond Insurance Association (MBIA) through their investment management company, the Municipal Investors Service Corporation.

#### 2. CASH, CASH EQUIVALENTS AND INVESTMENTS (Continued)

#### A. Cash and Cash Equivalents (Continued)

The Township considers petty cash, change funds and cash in banks as cash and cash equivalents.

In accordance with the provisions of the Governmental Unit Deposit Protection Act of New Jersey, public depositories are required to maintain collateral for deposits of public funds that exceed insurance limits as follows:

The market value of the collateral must equal five percent of the average daily balance of public funds, or

If the public funds deposited exceed 75 percent of the capital funds of the depository, the depository must provide collateral having a market value equal to 100 percent of the amount exceeding 75 percent.

All collateral must be deposited with the Federal Reserve Bank, The Federal Home Loan Bank Board or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.00.

Cash equivalents include money market funds, mutual funds, cash management funds and certificates of deposit with maturity dates of less than three months. Investments include certificates of deposit with maturity dates of more than three months. Cash equivalents and investments are stated at cost, which approximates market. Cash equivalents and investments were held by the Township's trustee in the Township's name.

<u>Custodial Credit Risk</u> - This is the risk that in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, the Township will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The Township does not have a policy for custodial credit risk. Federal depository insurance and New Jersey's Governmental Unit Deposit Protection Act mitigate this risk.

<u>Interest Rate Risk</u> - This is the risk that changes in market interest rates that will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment the greater the sensitivity of its fair value to change in market interest rates. The Township's investment policy does not include limits on investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

<u>Concentrations</u> - The Township's policy is to maintain a diversified portfolio to minimize the risk of loss resulting from over concentration of assets.

As of December 31, 2019 and 2018, the Township's cash, cash equivalents and investments consisted of:

	<u>2019</u>	<u>2018</u>
TD Bank Ocean First Bank	\$ 33,173,773.17 327,260.19	\$ 34,054,771.93
	\$ 33,501,033.36	\$ 34,054,771.93

The carrying amount of the Township's cash, cash equivalents and investments at December 31, 2019 was \$33,501,033.36. Of the bank balance, \$500,000.00 was covered by Federal Depository Insurance and \$33,001,033.36 was covered by the Governmental Unit Deposit Protection Act (GUDPA), N.J.S.A. 17:9-41, et seq., for all New Jersey governmental units' deposits in excess of the Federal deposit maximums.

#### 2. CASH, CASH EQUIVALENTS AND INVESTMENTS (Continued)

#### A. Cash and Cash Equivalents (Continued)

During the year, the Township had none of its idle funds invested in repurchase agreements collateralized by eligible securities. At the close of 2019 and 2018, no such investments were held by the Township.

As of December 31, 2019, the Township had only one investment for the purchase of a special emergency note.

#### B. Investments

New Jersey statutes permit the Township to purchase the following types of securities:

- Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America. This includes instruments such as Treasury bills, notes and bonds.
- ... Government money market mutual funds.
- . Any federal agency or instrumentality obligation authorized by Congress that matures within 397 days from the date of purchase, and has a fixed rate of interest not dependent on any index or external factors.
- . Bonds or other obligations of the local unit or school districts of which the local unit is a part.
- . Any other obligations with maturities not exceeding 397 days, as permitted by the Division of Investments.
- Local government investment pools, such as New Jersey CLASS, and the New Jersey Arbitrage Rebate Management Program.
- ... New Jersey State Cash Management Fund.
- . Repurchase agreements of fully collateralized securities, subject to special conditions.
- . In addition, a variety of State laws permit local governments to invest in a wide range of obligations issued by State governments and its agencies.

#### C. Risk Category

As of December 31, 2019, the Township had funds on deposit in checking, sweep accounts and governmental money market funds and New Jersey Cash Management Accounts. The amount of the Township's cash and cash equivalents on deposit as of December 31, 2019 was \$33,501,033.36. These funds constitute "deposits with financial institutions" as defined by GASB Statement No. 40. There were no securities categorized as investments as defined by GASB Statement No. 40.

#### 3. TAXES AND TAX TITLE LIENS RECEIVABLE

Property assessments are determined on true values and taxes are assessed based upon these values. The residential tax bill includes the levies for the Township, County and School purposes. Certified adopted budgets are submitted to the County Board of Taxation by each taxing district. The tax rate is determined by the board upon the filing of these budgets.

The tax bills are mailed by the Tax Collector annually in June and are payable in four quarterly installments due the first of August and November of the current year and a preliminary billing due the first of February and May of the subsequent year. The August and November billings represent the third and fourth quarter installments and are calculated by taking the total year tax levy less the preliminary first and second quarter installments due February and May. The preliminary levy is based on one-half of the current year's total tax.

#### 3. TAXES AND TAX TITLE LIENS RECEIVABLE (Continued)

Tax installments not paid by the above due dates are subject to interest penalties determined by a resolution of the governing body. The rate of interest in accordance with the aforementioned resolution is 8% per annum on the first \$1,500 of delinquency and 18% on any delinquency in excess of \$1,500. The resolution also sets a grace period of ten days before interest is calculated. In addition, any delinquency in excess of \$10,000 at the end of the calendar year is subject to a 6% penalty on the unpaid balance.

Taxes unpaid on the 11<sup>th</sup> day of the eleventh month in the fiscal year when the taxes became in arrears are subject to the tax sale provisions of the New Jersey statutes. The municipality may institute in rem foreclosure proceedings after six months from the date of the sale if the lien has not been redeemed.

The following is a five year comparison of certain statistical information relative to property taxes and property tax collections for the current and previous four years:

#### Comparative Schedule of Tax Rate

	Year 2019	Year 2018	Year 2017	Year 2016	Year 2015
Tax Rate (Per \$100 of Assessed Valuations	\$2.565	\$2.555	\$2.565	\$2.534	\$ 2.487
Apportionment of Tax Rate:

#### 7. MUNICIPAL DEBT

The Local Bond Law governs the issuance of bonds and notes to finance general capital expenditures. All bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the Township are general obligation bonds, backed by the full faith and credit of the Township. Pursuant to N.J.S.A. 40A:2-8, bond anticipation notes, which are issued to temporarily finance capital projects, cannot be renewed past the third anniversary unless an amount equal to at least the first legal requirement is paid prior to each anniversary and must be paid off within ten years and five months or retired by the issuance of bonds.

Utilized in

#### Summary of Statutory Debt Condition - Annual Debt Statement

The summarized statement of debt condition which follows is prepared in accordance with the required method of setting up the Annual Debt Statement and indicates a statutory net debt of 0.489%.

	Gross Debt	<u>Deductions</u>	Net Debt
Local School District Debt Water Utility Eastern Service Water Utility Western Service	\$20,865,000.00 4,500,000.00 13,837,000.00	\$20,865,000.00 4,500,000.00 13,837,000.00	\$
Sewer Utility Western Service General Debt	4,333,000.00 19,033,958.91	4,333,000.00	19,033,958.91
	\$62,568,958.91	\$43,535,000.00	\$19,033,958.91

Net debt, \$19,033,958.91 divided by Average Equalized Valuation Basis per N.J.S. 40A:2-2 as amended, \$3,891,583,456.67 equals 0.489%.

#### Borrowing Power Under N.J.S. 40A:2-6 as Amended

3 1/2% of Equalized Valuation Basis of Real Property	\$ 136,205,420.98
Net Debt	19,033,958.91
Remaining Borrowing Power	\$ 117,171,462.07

#### **School Debt Deductions**

School debt is deductible up to the extent of 4.0% of the Average Equalized Assessed Valuations of real property for the Local School District.

#### Calculation of "Self-Liquidating" Purpose - Water Utility Eastern Service Debt per N.J.S. 40A:2-45

Fund Balance and Cash Receipts from Fees,

Rents and Other Charges for Year

\$2,462,913.38

Deductions:

Operating and Maintenance Cost

2,349,800.00

Excess in Revenue

\$ 113,113.38

There being an "excess in revenue", the Water Utility Eastern Service Debt is considered self-liquidating for debt statement purposes.

#### Calculation of "Self-Liquidating" Purpose - Water Utility Western Service Debt per N.J.S. 40A:2-45

Fund Balance and Cash Receipts from Fees,

Rents and Other Charges for Year

\$2,777,689.76

Deductions:

Operating and Maintenance Cost Debt Service for Obligations Issued \$1,536,000.00 864,000.00

2,400,000.00

Excess in Revenue

\$ 377,689.76

There being an "excess in revenue", the Water Utility Western Service Debt is considered self-liquidating for debt statement purposes.

#### Calculation of "Self-Liquidating" Purpose - Sewer Utility Western Service Debt per N.J.S. 40A:2-45

Fund Balance and Cash Receipts from Fees,

Rents and Other Charges for Year

\$2,780,281.84

Deductions:

Operating and Maintenance Cost Debt Service for Obligations Issued \$2,293,000.00

369,000.00

2,662,000.00

Excess in Revenue

\$ 118,281.84

There being an "excess in revenue", the Sewer Utility Western Service Debt is considered self-liquidating for debt statement purposes.

The foregoing debt information is in agreement with the Revised Annual Debt Statement filed by the Township Treasurer.

As of December 31, 2019, the Township's long-term debt is as follows:

#### General Obligation Bonds

\$8,135,000, 2015 Refunding Bonds due in annual installments of \$100,000 to \$835,000 through March, 2026, interest at 2.125% to 4.000%.

\$ 5,625,000.00

\$9,800,000, 2017 Bonds due in annual installments of \$745,000 to \$960,000 through October, 2029, interest at 2.000% to 2.500%.

8,680,000.00

\$14,305,000.00

#### Water Utility Western Service Bonds

\$15,555,000, 2010 Bonds due in annual installments of \$276,000 to \$1,318,000 through August 2041, interest at 4.00% to 4.25%.

\$13,837,000.00

#### Sewer Utility Western Service Bonds

\$5,185,000, 2010 Bonds due in annual installments of \$190,000 to \$523,000 through August 2032, interest at 4.00%.

\$ 4,333,000.00

#### NJEIT Loan Payable

There is an outstanding loan in the amount of \$2,297,144.00 in the Water Eastern Capital Fund. The Township has not received any repayment schedule.

#### **Bond Anticipation Notes**

Outstanding Bond Anticipation Notes are summarized as follows:

	Interest	
	_Rate_	<u>Amount</u>
General Capital Fund	1.36%	\$ 3,207,000.00

Statutory requirements for providing sums equivalent to legally payable installments for the redemption of notes (budget appropriations) and permanent funding (bond issues) are summarized as follows:

Original Note <u>Issued</u>	Legal Installment <u>Date</u>	Permanent Funding Required as of May 1
2019	2022 - 2029	2030

#### Bonds and Notes Authorized but Not Issued

There were Bonds and Notes Authorized but Not Issued in the following amounts:

General Capital Fund	\$1,160,993.74
Water Utility Eastern Capital Fund	\$2,202,856.00

#### 8. INTERFUND RECEIVABLES AND PAYABLES

As of December 31, 2019, interfund receivables and payables that resulted from various interfund transactions were as follows:

<u>Fund</u>	Due from Other Funds	Due to <u>Other Funds</u>
Current Fund	\$ 264,795.99	\$1,193,586.76
Federal and State Grant Funds	813,331.37	
General Trust Fund	139,659.14	A.
General Capital Fund	95,920.01	1,031,242.00
Sewer Operating Utility - Eastern Service	0.23	100,514.72
Sewer Capital Utility - Eastern Service	689,465.62	
Water Operating Utility - Eastern Service	27,176.01	100,000.00
Water Capital Fund - Eastern Service	1,131,242.00	736,246.89
	\$3,161,590.37	\$3,161,590.37

#### 9. DEFERRED COMPENSATION PLAN

The Township of Manchester offers its employees a Deferred Compensation Plan created in accordance with the provisions of N.J.S. 43:15B-1 et seq., and the Internal Revenue Code, Section 457. The plan, available to all municipal employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency.

#### 9. DEFERRED COMPENSATION PLAN (Continued)

Statutory and regulatory requirements governing the establishment and operation of Deferred Compensation Plans have been modified in the New Jersey Administrative Code under the reference N.J.A.C. 5:37.

The "Small Business Job Protective Act of 1996" revised several provisions of Section 457 of the Internal Revenue Code. A provision of the act required that all existing plans be modified to provide that the funds be held for the exclusive benefit of the participating employees and their beneficiaries.

The Township of Manchester authorized such modifications to their plan by resolution of the Township Council.

The Deferred Compensation Plan is administered by the Hartford Variable Annuity Life Insurance Company and VALIC.

The Plan was subject to a review only as defined by the New Jersey Division of Local Government Services and the American Institute of Certified Public Accountants. A review consists principally of inquiries of Township officials and analytical procedures applied to financial data. It is substantially less in scope than an examination in accordance with generally accepted auditing standards. The audit of the program lies within the scope of the audit of the independent accountants of the Hartford Variable Annuity Life Insurance Company (VALIC).

#### 10. PENSION PLANS

#### **Description of Systems**

Substantially all of the Township's employees participate in one of the following contributory defined benefit public employee retirement systems which have been established by State statute: the Public Employees' Retirement System (PERS) or the Police and Firemen's Retirement System (PFRS). These systems are sponsored and administered by the New Jersey Division of Pensions and Benefits. The Public Employees' Retirement System and the Police and Firemen's Retirement System are considered a cost-sharing multiple-employer plan.

The amount of the Township's contribution is certified each year by PERS and PFRS on the recommendation of the actuary, who makes an annual actuarial valuation. The valuation is based on a determination of the financial condition of the retirement system. It includes the computation of the present dollar value of benefits payable to former and present members and the present dollar value of future employer and employee contributions, giving effect to mortality among active and retired members and also to the rates of disability, retirement, withdrawal, former service, salary and interest. In accordance with State statute, the long-term expected rate of return on plan investments is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. Specific information on actuarial assumptions and rates of return can be found at <a href="https://www.state.nj.us/treasury/pensions/annrpts.shtml">www.state.nj.us/treasury/pensions/annrpts.shtml</a>.

#### **Description of Systems (Continued)**

The actuarially determined employer contribution includes funding for cost-of-living adjustments and noncontributory death benefits in the PERS and PFRS. In the PERS and PFRS the employer contribution includes funding for post-retirement medical premiums.

N/A - Not Available

#### **Assumptions**

The collective total PERS and PFRS pension liability for June 30, 2019 measurement date was determined by an actuarial valuation as of July 1, 2018 using an actuarial experience study for the period July 1, 2014 to June 30, 2018 for PERS and for the period July 1, 2013 to June 30, 2018 for PFRS. The pension liability was rolled forward to June 30, 2019. The actuarial valuation used an inflation rate of 2.75% for price and 3.25% for wage, projected salary increases through 2026 of 2.00% to 6.00% for PERS and thereafter 3.00% to 7.00% based on years of service and through all future years 3.25% to 15.25% for PFRS based on years of service and through all future years 3.25% for PFRS based on years of service and an investment rate of return 7.00%.

For PERS, preretirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2019.

#### **Assumptions (Continued)**

For PFRS, preretirement mortality rates were based on the Pub-2010 Safety Employee mortality table with a 105.6% adjustment for males and 102.5% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 Safety Retiree Below-Median Income Weighted mortality table with a 96.7% adjustment for males and 96.0% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. For beneficiaries (contingent annuitants), the Pub-2010 General Retiree Below-Median Income Weighted mortality table was used, unadjusted, and with future improvement from the base year of 2010 on a generational basis. Disability rates were based on the Pub-2020 Safety Disabled Retiree mortality table with a 152.0% adjustment for males and 109.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2019.

The discount rate used to measure the total pension liability was 6.28% for PERS and 6.85% for PFRS as of June 30, 2019. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.00% and a municipal bond rate of 3.50% as of June 30, 2019 based on the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on 70% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers for PERS and that contributions from employers and the nonemployer contributing entity will be based on 70% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for local employers for PFRS. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2057 for PERS and 2076 for PFRS. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2057 for PERS and 2076 for PFRS, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability. More information on mortality rates and other assumptions, investment policies, be found and can at www.state.nj.us/treasury/pensions/annrpts.shtml.

#### Public Employees' Retirement System:

The Public Employees' Retirement System (PERS) was established as of January 1, 1955 under the provisions of N.J.S.A. 43:15A to provide retirement, death, disability and medical benefits to certain qualified members. The Public Employees' Retirement System is a cost-sharing multiple-employer plan. Membership is mandatory for substantially all full-time employees of the State of New Jersey or any county, municipality, school district or public agency, provided the employee is not required to be a member of another State-administered retirement system or other state of local jurisdiction.

#### Significant Legislation

P.L. 2011, c. 78, effective June 28, 2011, made various changes to the manner in which PERS operates and to the benefit provisions of that system. Provisions impacting employee pension and health benefits include:

- New members of PERS hired on or after June 28, 2011 (Tier 5 members) will need 30 years of creditable service and age 65 for receipt of the early retirement benefit without a reduction of ¼ to 1 percent of each month that the member is under age 65.
- The eligibility age to qualify for a service retirement in the PERS is increased from age 62 to 65 for Tier 5 members.

#### Public Employees' Retirement System: (Continued)

#### Significant Legislation (Continued)

- Active member contribution rates will increase. PERS active member rates increase
  from 5.5 percent of annual compensation to 6.5 percent plus an additional 1 percent
  phased-in over 7 years. For Fiscal Year 2013, the member contribution rates
  increased in July 2013. The phase-in of the additional incremental member
  contributions for PERS members will take place in July of each subsequent fiscal year.
- The payment of automatic cost-of-living adjustment (COLA) additional increases to current and future retirees and beneficiaries is suspended until reactivated as permitted by law.

In addition, the method for amortizing the pension systems' unfunded accrued liability changed (from a level percent of pay method to a level dollar of pay).

The following presents the Township's proportionate share of the Collective PERS net pension liability calculated using the discount rate of 6.28% and 5.66% as of June 30, 2019 and 2018, respectively, as well as what the PERS net pension liability would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the assumed rate.

Sensitivity of the Township's Proportionate Share of the Collective PERS
Net Pension Liability to Changes in the Discount Rate

	Net I Chalon Liability to	onangee in the piecear	16 1 1864
	At 1% Decrease (5.28%)	At Current Discount Rate (6.28%)	At 1% Increase (7.28%)
2019	\$24,046,474	\$ 18,905,205	\$14,815,297
	At 1% Decrease (4.66%)	At Current Discount Rate (5.66%)	At 1% Increase (6.66%)
2018	\$25,505,891	\$20,284,873	\$ 15,904,774

#### Police and Firemen's Retirement System:

The Police and Firemen's Retirement System (PFRS) was established in July, 1944 under the provisions of N.J.S.A. 43:16A to provide coverage to substantially all full-time county and municipal police and firemen and State firemen appointed after June 30, 1944. Membership is mandatory for such employees. Members may opt for Service Retirement if over age 55 or Special Retirement at any age if they have a minimum of 25 years of service or 20 years of service if enrolled in the PFRS as of January 18, 2000. Retirement benefits vary depending on age and years of service.

Chapter 428, Public Law of 1999, effective January 18, 2000, allows a member, age 55 and older with 20 or more years of service, to retire with a benefit equaling 50% of final compensation, in lieu of the regular retirement allowance available to the member. Final compensation means the compensation received by the member in the last twelve months of creditable service preceding retirement.

#### Police and Firemen's Retirement System: (Continued)

In addition, a member of the system as of the effective date of this law may retire with 20 or more years of service with a retirement allowance of 50% of final compensation, regardless of age, and if required to retire because of attaining the mandatory retirement age of 65, an additional 3% of final compensation for every additional year of creditable service up to 25 years.

P.L. 2011, c. 78, effective June 28, 2011, made various changes to the manner in which PFRS operates and to the benefit provisions of that system.

This new legislation's provisions impacting employee pension and health benefits include:

The annual benefit under special retirement for new PFRS members enrolled after June 28, 2011 (Tier 3 members), will be 60 percent instead of 65 percent of the member's final compensation plus 1 percent for each year of creditable service over 25 years but not to exceed 30 years.

The following presents the Township's proportionate share of the Collective PFRS net pension liability calculated using the discount rate of 6.85% and 6.51% as of June 30, 2019 and 2018, respectively, as well as what the PFRS net pension liability would be if it were calculated using a discount rate of one percentage point lower or one percentage point higher than the assumed rate.

Sensitivity of the Township's Proportionate Share of the Collective PFRS
Net Pension Liability to Changes in the Discount Rate

	At 1% Decrease <u>(5.85%)</u>	At Current Discount Rate (6.85%)	At 1% Increase (7.85%)
2019	\$37,838,534	\$ 26,889,868	\$ 17,828,635
	At 1% Decrease <u>(5.51%)</u>	At Current Discount Rate (6.51%)	At 1% Increase (7.51%)
2018	\$42,295,125	\$ 30,552,585	\$20,867,128

#### **Special Funding Situation**

Under N.J.S.A. 43:16A-15, local participating employers are responsible for their own contributions based on actuarially determined amounts, except where legislation was passed that legally obligated the State if certain circumstances occurred. The legislation, which legally obligates the State, is as follows: Chapter 8, P.L. 2000, Chapter 318, P.L. 2001, Chapter 86, P.L. 2001, Chapter 511, P.L. 1991, Chapter 109, P.L. 1979, Chapter 247, P.L. 1993 and Chapter 201, P.L. 2001. The amounts contributed on behalf of the local participating employers under this legislation is considered to be a special funding situation as defined by GASB Statement No. 68 and the State is treated as a non-employer contributing entity. Since the local participating employers do not contribute under this legislation directly to the plan, (except for employer specific financed amounts), there is no net pension liability or deferred outflows or inflows to report in the financial statements of the local participating employers related to this legislation. Below is the portion of the non-employer contributing entities' total proportionate share of the collective net pension liability that is associated with the local participating employer.

#### **Special Funding Situation (Continued)**

	2019	<u>2018</u>
Employer Net Pension Liability Non-employer Proportionate Share	\$ 26,889,868.00	\$ 30,552,585.00
of the Net Pension Liability	4,245,962.00	4,150,063.00
	\$ 31,135,830.00	\$ 34,702,648.00

### Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pension

Although the Division administers one cost-sharing multiple-employer defined benefit pension plan, separate (sub) actuarial valuations are prepared to determine the actuarially determined contribution rate by group. Following this method, the measurement of the collective net pension liability, deferred outflows of resources, deferred inflows of resources and pension expense excluding that attributable to employer-paid member contributions are determined separately for each individual employer of the State and local groups.

To facilitate the separate (sub) actuarial valuations, the Division maintains separate accounts to identify additions, deductions, and fiduciary net position applicable to each group. The allocation percentages presented for each group in the schedule of employer allocations are applied to amounts presented in the schedules of pension amount by employer. The allocation percentages for each group as of June 30, 2019 and 2018 are based on the ratio of each employer's contributions to total employer contributions of the group for the fiscal years ended June 30, 2019 and 2018, respectively.

Following is the total of the Township's portion of the PERS and PFRS net pension liabilities, deferred outflows of resources and deferred inflows of resources related to pensions and the pension expense and expenditures for the fiscal year ended June 30, 2019.

	<u>PERS</u>	PFRS
Net Pension Liabilities	\$ 18,905,205	\$ 26,889,868
Deferred Outflow of Resources	4,170,406	3,451,954
Deferred Inflow of Resources	6,982,199	10,390,109
Pension Expense	696,407	809,138
Contributions Made After		
Measurement Date	1,020,574	2,219,492

GASB Statement No. 68, Accounting and Financial Reporting for Pensions, requires participating employers in PERS to recognize their proportionate share of the collective net pension liability, collected deferred outflows of resources, collective deferred inflows of resources and collective pension expense excluding that attributable to employer-paid member contributions. The employer allocation percentages presented in the PERS schedule of employer allocations and applied to amounts presented in the PERS schedule of pension amounts by employer are based on the ratio of the contributions as an individual employer to total contributions to the PERS and PFRS during the years ended June 30, 2019 and 2018. The Township's proportionate share of the collective net pension liability as of June 30, 2019 and 2018 was 0.1049211778% and 0.1030238041% for PERS and 0.2197276228% and 0.22578612200% for PFRS, respectively.

It is important to note that New Jersey's municipalities and counties do not follow GAAP accounting principles and, as such, do not follow GASB requirements with respect to recording the net pension liability as a liability on their balance sheets. However, N.J.A.C. 5:30-6.1(c)(2) requires municipalities and counties to disclose GASB 68 information in the Notes to the Financial Statements.

## Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pension (Continued)

At June 30, 2019, the amount determined as the Township's proportionate share of the PERS net pension liability was \$18,905,205. For the year ended June 30, 2019, the Township would have recognized PERS pension expense of \$696,407. At June 30, 2019, deferred outflows of resources and deferred inflows of resources related to the PERS pension are as follows:

	Deferred Outflows of <u>Resources</u>	Deferred Inflows of Resources
Difference Between Expected and Actual Experience Change of Assumptions Net Change in Proportions Net Difference Between Projected and Actual Investment Earnings	\$ 339,324 1,887,754 1,943,328	\$ 83,515 6,561,937 298,426 38,321
Total Contributions and Proportionate Share of Contributions After the Measurement Date	1,020,574_	
	\$5,190,980	\$6,982,199

At June 30, 2019, the amount determined as the Township's proportionate share of the PFRS net pension liability was \$26,889,868. For the year ended June 30, 2019, the Township would have recognized PFRS pension expense of \$809,138. At June 30, 2019, deferred outflows of resources and deferred inflows of resources related to the PFRS pension are as follows:

	Deferred Outflows of <u>Resources</u>	Deferred Inflows of <u>Resources</u>
Difference Between Expected and		
Actual Experience	\$ 226,985	\$ 170,245
Change of Assumptions	921,393	8,690,559
Net Difference Between Projected		
and Actual Investment Earnings		364,349
Net Change in Proportions	2,303,576	1,164,956
Total Contributions and Proportionate		
Share of Contributions After the		
Measurement Date	2,219,492	
	\$ 5,671,446	\$10,390,109

#### Long-Term Expected Rate of Return

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2019) is determined by the State Treasurer, after consultation with the Directors of the Division of Investment and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2019 are summarized in the following table:

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pension (Continued)

		Expected
	Target	Real Rate
Asset Class	Allocation	of Return
Distance of October	0.000/	4.070/
Risk Mitigation Strategies	3.00%	4.67%
Cash Equivalents	5.00%	2.00%
U.S. Treasuries	5.00%	2.80%
Investment Grade Credit	10.00%	4.25%
High Yield	2.00%	5.37%
Private Credit	6.00%	7.92%
Real Assets	2.50%	9.10%
Real Estate	7.50%	8.33%
U.S. Equity	28.00%	8.26%
Non-U.S. Developed Markets Equity	12.50%	9.00%
Emerging Markets Equity	6.50%	11.37%
Private Equity	12.00%	10.85%

#### **Contributions Required and Made**

Contributions made by employees for PERS were 7.50% and PFRS is 10.0% of their base wages, respectively. Employer contributions are actuarially determined on an annual basis by the Division of Pensions.

Contributions to the plan for the past three (3) years are as follows:

PERS		PFRS		
<u>Year</u>	Township	Employees*	<u>Township</u>	Employees*
2017	\$ 854,200.00	\$ 656,816.00	\$ 1,703,937.00	\$ 930,555.43
2018	1,043,503.58	711,976.43	2,112,678.49	938,318.82
2019	1,059,524.00	676,946.10	2,355,185.41	965,319.77

<sup>\*</sup>Includes loan repayments.

The Township of Manchester, in accordance with the provisions of Public Law 2009, c. 19 (S21), elected by resolution of the governing body to defer the 50% of their fiscal year 2010 normal and accrued pension liability for the PERS and PFRS pension retirement system obligation in the amount of \$501,345.00. This deferred pension liability will be repaid over a 15 year period and started in April 2012.

#### 11. OTHER POSTEMPLOYMENT BENEFITS (OPEB)

In addition to the pension described in Note 10, the Township provides post employment health care benefits as part of the State Health Benefits Local Government Retired Employments Plan.

#### General Information about the OPEB Plan

The State Health Benefit Local Government Retired Employees Plan (the Plan) is a cost-sharing multiple-employer defined benefit other postemployment benefit (OPEB) plan with a special funding situation. It covers employees of local government employers that have adopted a resolution to participate in the Plan. The plan meets the definition of an equivalent arrangement as defined in paragraph 4 of GASB Statement No. 75, Accounting and Financial Reporting for the Postemployment Benefits Other Than Pensions (GASB Statement No. 75); therefore, assets are accumulated to pay associated benefits. For additional information about the Plan, please refer to the State of New Jersey (the State), Division of Pensions and Benefits (the Division) Comprehensive Annual Financial Report (CAFR), which can be found at https://www.state.ni.us/treasury/pensions/financial-reports.shtml.

#### General Information about the OPEB Plan (Continued)

The Plan provides medical and prescription drug to retirees and their covered dependents of the employers. Under the provisions of Chapter 88, P.L. 1974 and Chapter 48, P.L. 1999, local government employers electing to provide postretirement medical coverage to their employees must file a resolution with the Division. Under Chapter 88, local employers elect to provide benefit coverage based on the eligibility rules and regulations promulgated by the State Health Benefits Commission. Chapter 48 allows local employers to establish their own age and service eligibility for employer paid health benefits coverage for retired employees. Under Chapter 48, the employer may assume the cost of postretirement medical coverage for employees and their dependents who: 1) retired on a disability pension; or 2) retired with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 3) retired and reached the age of 65 with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 4) retired and reached age 62 with at least 15 years of service with the employer. Further, the law provides that the employer paid obligations for retiree coverage may be determined by means of a collective negotiations agreement.

Pursuant to Chapter 78, P.L. 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement providing they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

#### Total OPEB Liability

At June 30, 2019, the Township had a liability of \$21,076,603 and \$26,473,295 for its proportionate share of the non-special funding net OPEB liability. The net OPEB liability was measured as of June 30, 2019 and 2018, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of those dates. The Township's proportion of the net OPEB liability was based on a projection of the Township's long-term share of contributions to the OPEB plan relative to the projected contributions of all participating employers in the plan.

The Township's proportionate share of net OPEB liability as of June 30, 2019 and 2018 was .155592% and .168979%, respectively.

For the year ended December 31, 2019, the Township would have recognized OPEB expense of \$(787,804). At December 31, 2019, deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of <u>Resources</u>
Changes of Assumptions	\$	\$ 7,469,079
Net Difference Between Projected and Actual Earnings on OPEB Plan Investments Changes in Proportion and Differences Between the Township's Contributions and Proportionate	17,361	6,163,620
Share of Contributions	698,960	4,316,745
Total	\$ 716,321	\$ 17,949,444

#### Total OPEB Liability (Continued)

Amounts reported as deferred outflows of resources related to OPEB resulting from contributions subsequent to the measurement date will be recognized as a reduction of the OPEB liability in the subsequent year. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB (excluding changes in proportion) would be recognized in OPEB expense as follows:

\$ (2,217,500)
(2,217,500)
(2,218,860)
(2,221,060)
(2,223,070)
(2,517,348)

#### Changes in Proportion

The previous amounts do not include employer specific deferred outflows of resources and deferred inflows of resources related to changes in proportion. These amounts should be recognized (amortized) by each employer over the average of the expected remaining service lives of all plan members, which is 8.05, 8.14 and 8.04 years for the 2019, 2018 and 2017 amounts, respectively.

#### Actual Assumptions and Other Inputs

**PFRS** 

The total OPEB liability for the June 30, 2019 measurement date was determined by an actuarial valuation as of June 30, 2018, which rolled forward to June 30, 2019. The actuarial assumptions vary for each plan member depending on the pension plan the member is enrolled in. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement.

Inflation Rate		2.50%
Salary Increases Rate Through		2.00% - 6.00%
Rate Thereafte	er	3.00 - 7.00
Police and Firem Rate for all Fu	en's Retirement System (PFRS): ture Years	3.25% to 15.25%
Mortality: PERS	Pub-2010 General Classification	Headcount Weighted

Pub-2010 Safety Classification Headcount Weighted mortality with fully generational mortality improvement projections from the central year using Scale MP-2019.

mortality with fully generational mortality improvement projections from the central year using Scale MP-2019.

<sup>\*</sup>Salary increases are based on years of service within the respective plan.

#### Actual Assumptions and Other Inputs (Continued)

Preretirement mortality rates were based on the RP-2006 Headcount-Weighted Healthy Employee Male/Female mortality table with fully generational mortality improvement projections from the central year using the MP-2017 scale. Postretirement mortality rates were based on the RP-2006 Headcount-Weighted Health Annuitant Male/Female mortality table with fully generational improvement projections from the central year using the MP-2017 scale. Disability mortality was based on the RP-2006 Headcount-Weighted Disabled Male/Female mortality table with fully generational improvement projections from the central year using the MP-2017 scale.

Certain actuarial assumptions used in the June 30, 2018 valuation were based on the results of the PFRS and PERS experience studies prepared for July 1, 2013 to June 30, 2018 and July 1, 2014 to June 30, 2018, respectively.

100% of active members are considered to participate in the Plan upon retirement.

#### Health Care Trend Assumptions

For pre-Medicare medical benefits, the trend is initially 5.7% and decreases to a 4.5% long-term trend rate after eight years. For Post-65 medical benefits, the actual fully-insured Medicare Advantage trend rates for fiscal year 2020 are reflected. The assumed Post-65 medical trend is 4.5% for all future years. For prescription drug benefits, the initial rate is 7.5% and decreases to a 4.5% long-term trend rate after eight years.

#### Discount Rate

The discount rate for June 30, 2019 and 2018 was 3.50% and 3.87%, respectively. This represents the municipal bond return rate as chosen by the Division. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

#### Sensitivity of Net OPEB Liability to Changes in the Discount Rate

The following presents the Township's proportionate share of the net OPEB liability as of June 30, as well as what the Township's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

	June 30, 2019			
	1%	At Current	1%	
	Decrease	Discount Rate	Increase	
	2.50%	3.50%	_4.50%_	
Township's Proportionate Share				
of Net OPEB Liability	\$ 24,369,915	\$ 21,076,603	\$ 18,400,352	
	12	June 30, 2018		
	1%	At Current	1%	
	Decrease	Discount Rate	Increase	
	2.87%	3.87%	4.87%	
Township's Proportionate Share				
of Net OPEB Liability	\$ 31,060,174	\$ 26,473,295	\$ 22,809,416	

#### Sensitivity of Net OPEB Liability to Changes in the Healthcare Trend Rates

The following presents the Township's proportionate share of the net OPEB liability as of June 30, as well as what the Township's proportionate share of the net OPEB liability would be if it were calculated using a healthcare trend rate that is one percentage point lower or one percentage point higher than the current rate:

	June 30, 2019			
	1%	Healthcare Cost	1%	
	<u>Decrease</u>	Trend Rate	<u>Increase</u>	
Township's Proportionate Share				
of Net OPEB Liability	\$ 17,786,055	\$21,076,603	\$ 25,274,250	
	-	June 30, 2018		
	1%	Healthcare Cost	1%	
	<u>Decrease</u>	Trend Rate	Increase	
Township's Proportionate Share				
of Net OPEB Liability	\$22,082,972	\$ 26,473,295	\$ 32,155,024	

#### **Special Funding Situation**

Under Chapter 330, P.L. 1997, the State shall pay the premium or periodic charges for the qualified local police and firefighter retirees and dependents equal to 80 percent of the premium or periodic charge for the category of coverage elected by the qualified retiree under the State managed care plan or a health maintenance organization participating in the program providing the lowest premium or periodic charge. The State also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under Chapter 271, P.L. 1989.

Therefore, these employers are considered to be in a special funding situation as defined by GASB Statement No. 75 and the State is treated as a nonemployer contributing entity. Since the local participating employers do not contribute under this legislation directly to the plan, there is no net OPEB liability, deferred outflows of resources or deferred inflows of resources to report in the financial statements of the local participating employers related to this legislation.

The Township as of December 31, 2019 has 85 members under the Special Funding Situation. The State proportionate share of the net OPEB liability attributed to the Township is \$15,754,929.

#### 12. DEFINED CONTRIBUTION RETIREMENT PROGRAM

#### Description of System

The Defined Contribution Retirement Program (DCRP) was established on July 1, 2007 for certain public employees under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007. The program provides eligible members, with a minimum base salary of \$1,500.00 or more, with a tax-sheltered, defined contribution retirement benefit, in addition to life insurance and disability coverage. The DCRP is jointly administered by the Division of Pensions and Benefits and Prudential Financial.

If the eligible elected or appointed official will earn less than \$5,000.00 annually, the official may choose to waive participation in the DCRP for that office or position. This waiver is irrevocable.

As of May 21, 2010, the municipal base salary required for eligibility in the DCRP was increased to \$5,000.00.

#### 12. DEFINED CONTRIBUTION RETIREMENT PROGRAM (Continued)

#### <u>Description of System</u> (Continued)

This retirement program is a new pension system where the value of the pension is based on the amount of the contribution made by the employee and employer and through investment earnings. It is similar to a Deferred Compensation Program where the employee has a portion of tax deferred salary placed into an account that the employee manages through investment options provided by the employer.

The law requires that three classes of employees enroll in the DCRP, detailed as follows:

- All elected officials taking office on or after July 1, 2007, except that a person who is reelected to an elected office held prior to that date without a break in service may remain in the Public Employees' Retirement System (PERS).
- A Governor appointee with the advice and consent of the Legislature or who serves at the
  pleasure of the Governor only during that Governor's term of office.
- Employees enrolled in the PERS on or after July 1, 2007 or employees enrolled in the PFRS
  after May 21, 2010 who earn salary in excess of established "maximum compensation"
  limits.
- Employees otherwise eligible to enroll in the PERS on or after November 2, 2008 who do not earn the minimum salary for PERS Tier 3, but who earn salary of at least \$5,000.00.
- Employees otherwise eligible to enroll in the PERS after May 21, 2010, who do not work the minimum number of hours per week required for PERS Tier 4 or Tier 5 enrollment (32 hours per week) but who earn salary of at least \$5,000.00 annually.

Notwithstanding the foregoing requirements, other employees who hold a professional license or certificate or meet other exceptions are permitted to remain to join or remain in PERS.

#### Contributions Required and Made

Contributions made by employees for DCRP are currently at 5.5% of their base wages. The employer contribution is 4.05% which includes a member contribution match of 3.0%, Group Life Insurance is .74% of gross wages and Long-Term Disability is .31% of gross wages.

During the year 2019, there were five (5) officials or employees enrolled in the DCRP.

#### 13. DEFERRED CHARGES TO BE RAISED IN SUCCEEDING YEARS' BUDGETS

Certain expenditures are required to be deferred to budgets of succeeding years. At December 31, 2019, there were the following deferred charges on the balance sheet of the Current Fund:

Special Emergency Authorizations:

	Polonos	Raised in	To be Raised in
	Balance Dec. 31, 2019	2020 Budget	Subsequent <u>Budgets</u>
Property Revaluation Program	\$ 467,500.00	\$ 117,500.00	\$350,000.00

#### 14. LENGTH OF SERVICE AWARD PROGRAM ("LOSAP") - UNAUDITED

The Township has established a Volunteer Length of Service Award Plan ("LOSAP") ("Plan") to ensure retention of the Township's Volunteer First Aid and Fire Department Squads. The Plan shall be construed under the laws of the State of New Jersey and is established with the intent that it meets the requirements of a length of service award plan under Section 457(e)11 of the Internal Revenue Code.

**Annual Contributions -** The annual contribution to be made by the Township for each active volunteer member shall be \$1,150 per year of active emergency service, commencing with the year 2005.

**Appropriations** - Appropriations for the purpose of funding the Township's LOSAP shall be included as a separate line item in the Township's budget, commencing with the year 2005.

**Periodic Increases -** Notwithstanding the provisions above, the annual contribution to be made by the Township for each active volunteer member shall be subject to periodic increases based upon the "consumer price index factor" pursuant to subsection f. of section 3 of P.L. 1997, c. 388 (N.J.S.A. 40A:14-185).

**Criteria for Eligibility; Contributions; Points** - Any active volunteer member shall be eligible to participate in the LOSAP Plan immediately upon commencement of the member's performance of active voluntary services in the emergency service organization. Annual contributions shall only be made by the Township, however, for those active volunteer members who have earned the minimum number of points for performing certain volunteer services on a yearly basis.

**Determination as to Eligibility** - Each emergency service organization shall provide to the Township Administrator, acting as the Plan Administrator of LOSAP Plan, a certified list as to the active volunteer members who are initially eligible to participate in the Plan and those who are eligible to participate at each January 1 thereafter. The Plan Administrator shall forward said certified list to the Township Committee for approval, in accordance with the provision of N.J.A.C. 5:30-14.10. The decision of the Township Committee as to such active member's eligibility shall be binding upon the Plan Administrator, participants, beneficiaries and any and all other persons having an interest hereunder, subject to appropriate judicial review.

**Terms of Participation -** The Plan Administrator shall have the right to require any active volunteer member at the time of his or her becoming a participant to agree, in writing, to be bound by the terms, covenants and conditions of the LOSAP and accompanying trust. Each participant shall furnish to the Plan Administrator all pertinent information required for the administration of the LOSAP. The Plan Administrator shall rely upon all such information furnished.

**Vesting -** The active volunteer member shall not be permitted to receive a distribution of the fund in his or her LOSAP account until the completion of a five-year vesting period.

**Termination of Service** - Any participant who terminates service as an active volunteer member shall cease to participate hereunder. A former participant may resume participation immediately upon returning to the service of the emergency service organization as an active volunteer member. Any active volunteer member who terminates service with the emergency service organization, subsequently returns to service and again becomes a participant shall be treated as a new participant for purposes of eligibility unless said participant was fully vested prior to his or her termination from service.

**Reporting Requirements -** N.J.A.C. 5:30-14.49 requires that the Township perform a separate review report of the Plan in accordance with the American Institute of Certified Public Accountants Statements for Accounting and Auditing Review Services.

#### 15. TAX ABATEMENT

The Township of Manchester is authorized by the New Jersey Housing and Mortgage Financing Act Law of 1983, N.J.S.A. 55:14K-1 et seq. (hereinafter "HMFA Law"), and resolutions of the Committee as dated in the table shown below to enter into property tax abatement agreements for the purpose of attracting affordable housing. The exemption of the projects from real property taxation subject to this law shall not extend beyond the date on which the Agency Mortgage is paid in full, which according to the HMFA Law, may not exceed fifty (50) years. All the units in the project qualify as low or moderate income units under the Fair Housing Act, N.J.S.A. 52:270-301 et seq. the regulations of the Council on Affordable Housing, N.J.A.C. 5:94 et seq. and N.J.A.C. 5:95 et seq. and the Uniform Housing Affordability Controls, N.J.A.C. 5:94 et seq. Tax abatements may be granted to any affordable housing, as deemed appropriate by the Township.

For the year ended December 31, 2019, the Township abated property taxes totaling \$556681.92 under this program.

<u>Date</u>	Recipient	Purpose	Amount Abated
April 18, 1998	Beckerville B79 L31	Affordable Housing	\$ 94,905.00
February 13, 2012	ARC B99.112 L8	Affordable Housing	6,730.50
August 17, 2011	SERV B411 L22.01	Affordable Housing	7,605.24
April 9, 2012	SERV B99.86 L8	Affordable Housing	6,079.06
	Presby Homes B82.09 L14.01 Manchester Senior Housing	Affordable :Housing	272,118.29
	B100 L10.02	Affordable Housing	169,243.83
			\$ 556,681.92

#### 16. CONTINGENT LIABILITIES

#### a. Compensated Absences

The Township of Manchester has an accrued sick policy plan whereby eligible employees can accumulate up to 183 sick days and upon retirement will be compensated at their current rate of pay.

At the present time, unused vacation time cannot be accrued.

It is estimated that the sum of \$1,624,616.00 would be payable to the employees of the Township of Manchester as of December 31, 2019. The contingency for liability is not included in the financial statements of the Township. This amount was not verified by audit. It is noted that the Township has the amount of \$148,236.00 reserved as of December 31, 2019.

#### b. Tax Appeals

As of December 31, 2019, there were several tax appeals pending before the New Jersey Tax Court. Potential liability was undeterminable.

Judgments favorable to the taxpayers generally extend to two years following the year judged and would also subject the Township to a liability for statutory interest in the amount of taxes refunded from the date of payment to the date of refund (R.S. 54:3-27.2).

#### 16. CONTINGENT LIABILITIES (Continued)

#### c. Federal and State Awards

The Township participates in several federal and state grant programs which are governed by various rules and regulations of the grantor agencies; therefore to the extent that the Township has not complied with the rules and regulations governing the grants, refunds of any money received may be required and the collectability of any related receivable at December 31, 2018 may be impaired. In the opinion of management, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provisions have been recorded in the accompanying statutory basis financial statements for such contingencies.

#### d. Arbitrage Rebate Calculation

In 1985, under the Tax Reform Act, the Arbitrage Rebate Law went into effect requiring issuers of tax exempt debt obligations to rebate to the Federal Government all of the earnings in excess of the yield on investments of proceeds of such debt issuances (the "rebate arbitrage"). The Rebate Regulations apply to obligations issued after August 31, 1986. The arbitrage rebate liability must be calculated every installment computation date (last day of the fifth bond year) or earlier if the bonds are retired, defeased or refunded and pay at least 90% of the rebatable arbitrage (plus any earnings thereon) within 60 days after such date.

#### e. Payments in Lieu of Taxes (PILOT)

Under N.J.S.A. 40A:20-12, each municipality is required to annually remit to the County five percent (5%) of the annual service charge for each long-term PILOT financial agreement entered into by the municipality.

#### f. Litigation

The Township Attorney's letter did not indicate any litigation, claims or contingent liabilities that would have a material financial impact on the Township.

#### 17. SECONDARY MARKET DISCLOSURE

Solely for purposes of complying with Rule 15c2-12 of the Securities and Exchange Commission, as amended and interpreted from time to time (the "Rule"), and provided that the Bonds are not exempt from the Rule and provided that the Bonds are not exempt from the requirements in accordance with Paragraph (d) of the Rule, for so long as the Bonds remain outstanding (unless the Bonds have been wholly defeased), the municipality shall provide for the benefit of the holders of the Bonds and the beneficial owners thereof various financial documents relating to the financial conditions of the Municipal Securities Rulemaking Board through the Electronic Municipal Access Data Port (the "MSRB").

#### **18. SUBSEQUENT EVENT**

The Township of Manchester has evaluated subsequent events that occurred after the balance sheet date, but before September 21, 2020 and it was determined that the following items require disclosure:

On January 16, 2020, the Township of Manchester issued refunding serial bonds in the sum of \$18,405,000.00 at variable interest rates, consisting of the following:

Water Western Utility Bonds Sewer Western Utility Bonds \$ 14,200,000.00 4,205,000.00

\$ 18,405,000.00

#### 18. SUBSEQUENT EVENT (Continued)

Due to the impact of the COVID-19 pandemic, the Township of Manchester implemented several policies to protect the health and safety of its employees and citizens. It is anticipated that certain revenues will not be realized to the extent it was budgeted for in fiscal year 2020.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL
SINGLE AUDIT ATTACHMENTS
ROSTER OF OFFICIALS
GENERAL COMMENTS, FINDINGS AND RECOMMENDATIONS
YEAR ENDED DECEMBER 31, 2019

### SAMUEL KLEIN AND COMPANY

CERTIFIED PUBLIC ACCOUNTANTS

550 Broad Street, 11th Floor Newark, N.J. 07102-9969 Phone (973) 624-6100 Fax (973) 624-6101 36 West Main Street, Suite 303 Freehold, N.J. 07728-2291 Phone (732) 780-2600 Fax (732) 780-1030

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER
MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable Mayor and Members of the Township Council Township of Manchester Manchester. New Jersey 08759

We have audited the financial statements - regulatory basis of the various funds of the Township of Manchester, County of Ocean, as of and for the years ended December 31, 2019 and 2018, and the related notes to the financial statements - regulatory basis and have issued our report thereon dated September 21, 2020. These financial statements - regulatory basis have been prepared in conformity with accounting principles prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States.

### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements - regulatory basis, we considered the Township of Manchester's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements - regulatory basis, but not for the purpose of expressing an opinion on the effectiveness of the Township of Manchester's internal control. Accordingly, we do not express an opinion on the effectiveness of the Township of Manchester's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Township of Manchester's financial statements - regulatory basis will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Township of Manchester's financial statements - regulatory basis are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*. However, we noted certain matters that we reported to management in the comments and recommendations section of this report.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the Township of Manchester's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Township of Manchester's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

# INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM, REPORT ON INTERNAL CONTROL OVER COMPLIANCE AND REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY THE UNIFORM GUIDANCE

The Honorable Mayor and Members of the Township Council Township of Manchester Manchester, New Jersey 08759

### Report on Compliance for Each Major Federal Program

We have audited the Township of Manchester in the County of Ocean, State of New Jersey, compliance with the types of compliance requirements described in the OMB *Compliance Supplement* that could have a direct and material effect on each of the Municipality's major federal programs for the year ended December 31, 2019. The Municipality's major federal programs are identified in the *Summary of Auditor's Results* section of the accompanying *Schedule of Findings and Questioned Costs*.

### Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on compliance for each of the Township's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; *Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Township's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination on the Township's compliance.

#### Opinion on Each Major Federal and State Program

In our opinion, the Township of Manchester complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2019.

### Report on Internal Control Over Compliance

Management of the Township of Manchester is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Township's internal control over compliance with the types of requirements that could have a direct and material effect on a major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Township of Manchester's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this communication is not suitable for any other purpose.

### Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements - regulatory basis of the Township of Manchester as of and for the year ended December 31, 2019 and have issued our report thereon dated September 21, 2020, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the financial statements as a whole.

### TOWNSHIP OF MANCHESTER COUNTY OF OCEAN

# NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS YEAR ENDED DECEMBER 31, 2019

#### **NOTE 1 - GENERAL**

The accompanying Schedule of Expenditures of Federal Awards presents the activity of all federal financial assistance programs of the Township of Manchester, County of Ocean, New Jersey. All federal financial assistance received directly from federal agencies, as well as federal financial assistance passed-through other government agencies, is included on the Schedule of Expenditures of Federal Awards.

#### **NOTE 2 - BASIS OF ACCOUNTING**

The accompanying Schedule of Expenditures of Federal Awards is presented on the prescribed basis of accounting, modified accrual basis with certain exceptions, prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, that demonstrates compliance with the budget laws of New Jersey, which is a comprehensive basis of accounting, other than generally accepted accounting principles. The basis of accounting, with exception, is described in Note 1 to the Township's regulatory basis financial statements.

#### **NOTE 3 - BASIS OF PRESENTATION**

The information in these schedules are presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards.

### NOTE 4 - RELATIONSHIP TO FEDERAL FINANCIAL REPORTS

Amounts reported in the accompanying schedule agree with the amounts reported in the related federal financial reports.

#### NOTE 5 - RELATIONSHIP TO REGULATORY BASIS FINANCIAL STATEMENTS

Amounts reported in the accompanying schedule agree with amounts reported in the Township's regulatory basis financial statements. These amounts are reported in either the Current Fund, General Capital Fund or Trust Other Fund. Matching contributions expended by the Township in accordance with terms of the various grants are not reported in the accompanying schedules.

#### NOTE 6 - DE MINIMIS INDIRECT COST RATE

The Township has elected to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.

### Contracts and Agreements Required to be Advertised for (N.J.S. 40A:11-4)

N.J.S.A. 40A:11-4a states "Every contract awarded by the contracting agent for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the governing body of the contracting unit to the lowest responsible bidder after public advertising for bids and bidding therefor, except as is provided otherwise in this act or specifically by any other law. The governing body of a contracting unit may, by resolution approved by a majority of the governing body, disqualify a bidder who would otherwise be determined to be the lowest responsible bidder, if the governing body finds that it has had prior negative experience with the bidder."

It is pointed out that the Township Council has the responsibility of determining whether the expenditures in any category will exceed the threshold set for the fiscal year and, where question arises as to whether any contract or agreement might result in violation of the statute, the opinion of the Township Attorney should be sought before a commitment is made.

The statutory bidding threshold for the year 2019 was the sum of \$40,000.00 in accordance with the provisions of N.J.S.A. 40A:11-3a, based on the appointment of a qualified purchasing agent.

Notwithstanding N.J.S.A. 40:11-3a, P.L. 2005, Chapter 51 and N.J.S.A. 19:44A-20.5, known as the "Pay-to-Play Law" provides that a municipality is prohibited from executing any contract in excess of \$17,500.00, on or after January 1, 2006, to a business entity that made certain reportable contributions to any municipal committee of a political party if a member of that party is in office as a member of the governing body of the municipality when the contract is awarded unless proposals or qualifications are solicited through a fair and open process.

It is further noted that contracts between \$17,500.00 and the municipal bidding threshold known as "window contracts" can be issued by resolution of the governing body without competitive bidding if a non-fair and open process is implemented which prohibits reportable contributions by the business entity.

The minutes indicate that bids were requested by public advertising.

Our examination of expenditures did not reveal any individual payments in excess of the statutory thresholds "for the performance of any work, or the furnishing or hiring of any materials", other than those where bids had been previously sought by public advertisement under the provisions of N.J.S. 40A:11-3.

Inasmuch as the system of records did not provide for an accumulation of payments or categories of material and supplies or related work or labor, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed.

It is also noted that certain contracts were awarded under the provisions of N.J.S.A. 40A:11-12, New Jersey State Purchasing Contracts.

### Purchases, Contracts or Agreements Not Required to be Advertised by N.J.S. 40A:11-6.1

N.J.S. 40A:11-6.1 states, "Except contracts which require the performance of professional services, all contracts or agreements which do not require public advertising for bids and the estimated cost or price exceeds \$6,000.00, at least two quotations as to the cost or price are required. Quotations whenever practicable shall be solicited by the contracting agent, and the contract or agreement shall be made with and awarded to the lowest responsible bidder."

Our examination indicated that quotes are obtained on a consistent basis with the provisions of N.J.S. 40A:11-6.1.

### Collection of Interest on Delinquent Taxes and Utility Charges

The statutes (N.J.S. 54:4-67, as amended) provide the method authorizing interest and the maximum rate to be charged for the nonpayment of taxes or assessments on or before the date when they would become delinquent.

The Governing Body, on July 1, 2003, adopted the following resolution authorizing interest to be charged on delinquent taxes and utility charges:

"RESOLVED, that the interest rate on delinquent taxes be fixed at 8% per annum on the first \$1,500.00 of the delinquency and 18% per annum on any amount in excess of \$1,500.00 becoming delinquent after due date and if a delinquency is in excess of \$10,000.00 and remains in arrears beyond December 31, an additional penalty of 6% shall be charged against the delinquency."

The resolutions also provide a 10 day grace period for taxes and a 20 day grace period for water and/or sewer payments.

Our tests of the Collector's records indicated that interest was collected in accordance with the terms of the foregoing resolution.

### **Delinquent Taxes and Tax Title Liens**

Tax and lien records are maintained on a computer system.

Delinquent taxes at December 31, 2019, in the sum of \$1,019,366.73, represent taxes levied in the calendar year 2019 and prior. A tax sale was held on September 24, 2019 and was complete.

The following comparison is made of the number of Tax Title Liens Receivable on December 31st of the last three years:

	Number
	of
<u>Year</u>	Liens
2019	194
2018	176
2017	168

Recourse of all means provided by the Statutes should be taken to realize or settle Tax Title Liens through collections or foreclosures in order to return such properties to a tax paying basis.

#### General Capital Fund

The Township has three (3) old improvements in which cash has been expended, but the Township has not provided the cash. The projects were properly authorized, but no funding was ever obtained, thus creating a cash unfunded balance.

It is noted that the Township has started to raise these deficits starting in 2017 and will continue until fully funded.

#### **Revenue Collections**

N.J.S. 40A-5-15 provides that "all moneys, including moneys collected by taxation, received from any source by or on behalf of any local unit or any board or department thereof shall, within 48 hours after receipt thereof, either:

- a. Be paid to the officer charged with the custody of the General Funds of the local unit, who shall deposit all such funds within 48 hours after the receipt thereof to the credit of the local unit in its designated legal depository, or
- b. Be deposited to the credit of the local unit in its designated legal depository."

In tracing recorded receipts for conformity with the provisions of this statute, it was noted that deposits or turnovers of monies were made within 48 hours after receipt

### **Municipal Court**

Findings and recommendations are reported in a separate report that is filed with the Administrative Office of the Court (AOC).

#### Corrective Action Plan

In accordance with the requirements of the Single Audit Act and regulations of the Division of Local Government Services, a Corrective Action Plan must be prepared by the Chief Financial Officer and filed with the Division within sixty days from the date the audit is received by the Governing Body and approved by resolution of the Municipal Council.

A Corrective Action Plan for the year 2019 was not required in accordance with the aforementioned regulations..

### Status of Prior Years' Audit Recommendations

The Audit Report of December 31, 2018 contained no recommendations and corrective action was not required.

### Miscellaneous

A statutory report summarizing collections of Dog License Fees and remittances of State Registration Fees was prepared by our staff and filed with the New Jersey Department of Health and the Division of Local Government Services.

Revenue and receipts were established and verified as to source and amount only insofar as the local records permitted.

In verifying expenditures, computations were made on a statistical sample of claims approved and paid. No attempt was made in this connection to establish proof of rendition, character or extent of services, nor quantities, nature, propriety or prices or receipt of materials, these elements being necessarily left to internal review in connection with approval of claims.

Individual payments of the Local School District Tax by the municipality were confirmed as received by the Secretary of the Board of Education for the year 2019.

The Uniform Construction Code Enforcement Fee Report has been prepared and filed with the New Jersey Department of Community Affairs.

A summary or synopsis of this report was prepared for publication and filed with the Township Clerk.

One copy of this report was filed with the New Jersey Division of Local Government Services.

### RECOMMENDATIONS

NONE

\* \* \*

The foregoing comments are not of sufficient materiality whereby they would affect our ability to express an opinion on the financial statements taken as a whole.

We shall be pleased to confer on any questions that might arise with respect to any matters in this report.

We desire to express our appreciation for the assistance and courtesies rendered by the Township officials and employees during the course of the examination.
